

## QUALIFIED. CERTIFIED. MOBILIZED.

Edgen Murray's Valve Services Group has decades of industry experience solving nearly every valve related service issue.

From valve actuation, commissioning, troubleshooting and detailed repair, our highly skilled technicians have the operational qualifications, certifications, and safety training required to access virtually any location. Our dedicated team covers over 30 states from our centrally located facility in Ohio.

In addition, Edgen Murray is a stocking distributor for several quality valve brands and can fulfill a full range of pipe, fittings, flanges, and related products as well. We supply valves from leading manufacturers and leverage our strategic supply relationships and comprehensive knowledge of oil and gas applications to provide our customers with quality valves and valve services. Please contact us for all your PVF needs.

*Now offering 24/7 Emergency Field Service.*
