

MIDSTREAM PRODUCTS, STOCKED AND READY.

EDGEN

ON-TIME. EFFICIENT.

Edgen Murray has a 30-year track record in midstream and access to more than 500,000 tons of products. We carry everything you need for gathering systems, well hookups, and transmission lines.

Edgen Murray has a full range of API line pipe — including ERW, seamless, and DSAW — as well as flanges, high-yield and segmentable fittings, and a full spectrum of valves up to ANSI 2500. With strategic locations across the Americas and a streamlined delivery system, our highly skilled team can deliver midstream products and services when and where you need them.

THE RIGHT PRODUCT, DELIVERED.
